STUARTHOLME SCHOOL

Sophia Lecture

A DEEP SENSE OF THE SACRED:

**Australia's First Nations Spirituality and Connection to Country
with Guest Speaker Professor Anne Pattel-Gray Ph.D., D.D.**

We warmly invite you to Stuartholme School's Sophia Lecture
and introduction of the Reconciliation Action Plan

Professor Anne Pattel-Gray Ph.D., D.D.

Professor Anne Pattel-Gray will explore Ancestral Narratives of the Creator's actions and interaction with Aboriginal peoples by defining the Creator's relationship within our understanding and worldview before the colonial invasion. This method sets the foundation for the construction of an Aboriginal hermeneutical and exegetical process that allows Aboriginal peoples the freedom to re-read the bible from our own pre-colonial perspective. In doing this, we are challenged to decolonise our minds and be open to reading Biblical texts through an Aboriginal cultural lens and understanding. This endeavour is to develop a truly Australian Aboriginal theology born out of and embedded in our land – *Our Mother Earth*.

**3.30 - 5.30PM, TUESDAY 29 AUGUST 2023
